

## EasyPay Program

Paying your gas bill just got easier with EasyPay, our monthly payment plan. Think of it as a savings account. Each month, you'll pay a set amount based on your average annual usage and in turn, helps offset the larger amounts you'll see on your winter bills. By the time the heating season hits, you've saved up the credit to pay your bills, free of stress.

### Major benefits include:

- Avoiding large winter fuel balances
- Equal monthly payments
- No finance charges

### Terms & Conditions

- 1) Blue Star Gas will provide propane delivery service. (Please note this offer is unavailable to metered or commercial customers.) The account balances will be carried with no finance charges as long as the agreed budget payment is received by the 15th of each month. Your account must be at a \$0.00 balance to enroll in the EasyPay program. Accounts with an existing balance will be considered on a case by case basis.
- 2) The EasyPay program enrollment period begins April 1st and ends Sept 31st. The scheduled number of equal monthly payments to follow will be based on your starting month. The cycle ends April 30th of each year preceding your start month. All account balances as of this date must be settled by May 31st, as this is considered your settling month. At the time of settlement, if you have a credit balance, it will be applied to next year's budget, unless a refund is requested.
- 3) Blue Star Gas will periodically review usage in comparison to estimated amounts, and payment may be subject to change. Budget calculations are based on estimated annual usage or prior history, and are subject to change based on market price and weather. Because our calculations are based on estimates, this may result in your final payment reflecting a large debit or credit balance at the end of the season. If adjustments in the payment schedule are necessary, you will be notified.
- 4) Either party may terminate this agreement upon written notice. Both parties agree to make an immediate settlement of the account. If you default on the agreed monthly payment, your current account balance will be due and subject to finance charges.
- 5) Customers must purchase a minimum of 175 gallons of propane per year to be eligible for this program.
- 6) Payments received are scheduled to cover annual fuel purchases and tank rent only. All other purchases are not included in this payment plan and shall be paid in accordance with Blue Star Gas' standard payment terms.
- 7) This offer is based on approved credit only.
